Final Exam

Due by email to blowers@engr.arizona.edu by 5-6-05

You have now almost completed your first semester at U of A. To help improve this class for next semester and next year, answer the following questions:

- 1) Rank the topics that we covered this semester from most useful to least useful? Give a brief description of why you ranked the topics this way.
- 2) What aspects of the course were most beneficial for you this semester?
- 3) What topics would you choose to include in this class?
- 4) Describe one activity that we could do in class that would make one of the topics more informative/more exciting than it was this semester.
- 5) What common theme(s) did you notice throughout the semester that tied the topics together?

Your total final exam should be no more than three pages, typed.
